DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims

Claims 20-82 and 97-100 are cancelled.

Allowable Subject Matter

Claims 1-19 and 101,102 and 104 allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-19 and 101,102 and 104 are allowable because prior art does not show alone or in combination along with the limitation of the independent claim, such as, at least on island being positioned non-symmetrically about the plane perpendicular to a top surface of the semiconductor layer and perpendicular to the boundary.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
